—The court docket for June Term of Common Pleas Court has just been sent to the printers, and will contain 225 civil cases and about fifteen criminal cases.

—It is rumored that we are to have another steamer on the river route. The elegant steamer Jennie built at Trenton by the Craigs last season will run between Monroe, Toledo, and Perryburg. This will make a delightful trip and we hope the report is true.

—The change in the running time of some of the D. & M. trains has made it convenient for those who desire to make quick trips to the city, the afternoon train north arriving here so much earlier than ordinary business can be transacted in time to return by the Findlay accommodation.

The debate at the last session was hotly contested.

—Although we were a little mistaken in our reference last week to the sale of the Marshall property and the Finkbeiner stock of notions, yet contrary to the statement of the Sentinel's correspondent, the transfers have been made, although at different parties from those mentioned in this paper. Mr. C. Finkbeiner has purchased the property of Mrs. M. C. Marshall, and Mr. J. P. Tucker has taken possession of the Finkbeiner store.

—According to latest fashions for women, it is exceedingly difficult to tell whether it's she or her brother. With the low crowned stiff hat, and as the N. Y. Journal says, "the dear little shirts, made exactly like the male article," the standing collar with a four-in-hand scarf or dude bow, with double-breasted vest and cutaway coat, they will need but few more articles of apparel to complete the suit of masculine duds. But with all this, they don't make fools of themselves to any greater extent than do the male dudes now-a-days.

—A well to do farmer of Center township had a little more experience in permitting first class swindlers to practice upon him, and what beats the farmer, the other party now wants about \$300 out of him for the practice. Report has it as follows: Sharper left a sample machine for building wire fence, on trial, took a receipt therefor which turned up in Dayton Common Pleas court in the shape of a cognovit note for the amount, for which judgment was taken and now an execution is in the hands of an officer, demanding satisfaction from the hard earned surplus of goods and chattels to the said farmer belonging.

The people of this place will greatly miss the courteous and accommodating Clerk, of last year, Mr. C. P. Curtis, who will be the ticket agent at Toledo this season.

—The steamer J. V. Lutts was again placed on the route on Sunday last, and made two round trips to Toledo, and at 5 p. m. started for the city on her third trip. She had about thirty passengers on board, mostly Toledo people, among them a number of ladies, and after arriving at Powers' bend, about one mile below town, the engine broke down and the boat was unable to proceed further. The anchor was lowered to prevent drifting, and the Captain and Mate went ashore in a small boat to send a message to Toledo for a tug, but returned at about 9 o'clock with the sad tidings that no tug could be secured. A number of passengers were taken ashore and permitted to walk to Perryburg, while about 20 lady passengers were taken down to Toledo in the small boat, arriving there at an early hour of the morning. The steamer is again making regular trips.

Miss Granger appeared at the New National Theatre, Philadelphia, the week commencing May 5, and met with a very warm reception, says the N. Y. World. She is one of the most charming and popular actresses of the day. We understand, that her tour through Ohio includes a date at Bowling Green, and she will appear at Hankeys opera house on Thursday, May 20, 1890 on which occasion Manager Wilkison will be present. W. M. Wilkison as a manager, is proving a great success.

## The Pansy Tea.

"The Ladies Reading Club," is now nearly five years of age, and almost able to run alone—speaking in a literary sense—some of the members are becoming giants in that line.

An exceedingly agreeable meeting of the club was held with Mrs. N. L. Hanson, Thursday afternoon, presided over by our popular President, Mrs. D. K. Hollenbeck, who will soon close her second term of office, having served with much satisfaction to the club, and also adding dignity to Miss H. But the occasion was added special pleasure to the occasion was that we had with us Mrs. M. A. Price, who has been absent two years or more. We welcomed her to our circle and hearts again, by giving a "Pansy Tea" in her honor, to which fifteen members of club, eleven of whom were original members, sat down at 5:30. The menu was delicious; the pansies unsurpassed. Long live the Ladies Reading Club; long live the pansy.

## Church Entertainment.

The entertainment to be given by St. Rose de Lima church at the town hall to-night and Monday night promises to be a grand success. A splendid programme has been arranged. Father Rieken has recently purchased a Pneumatic Symphony Orchestra. Grand organ which will be on exhibition. This is the most complete organ ever produced, both mechanically and by ordinary use of the key-board. It may be operated by the use of the keys only, or will play every set of records in the organ automatically, and the key-board can be performed upon at the same time the mechanical part is in operation.

Each set of records is distinct, but at the same time is susceptible of combinations which enable the player to produce orchestral effects which are perfectly surprising in their totality. These peculiar effects, and the intermingling of solo passages, together with the results that can be produced with the proper use of the bellows and the swell, are so similar to orchestral effects that the organ has been named the "Orchestra Grand."

Price of admission, 10 cents. The entertainment is for the benefit of the new church now being erected, and should be well attended.

—By reference to ad. in another column it will be seen that our new library building will be erected on the old Presbyterian church lots, and the funds derived from the sale of lots will be used in the erection of a new church.

—We call your attention to the advertisement of Simmons' Liver Regulator which appears in the paper to-day. This standard remedy, the only genuine of which is manufactured by J. H. Zeilin & Co., and of which they are the sole proprietors, does not deserve to be classed with the many "patent" nostrums so liberally advertised throughout the country. It is one of the very best preparations in use, and is recommended by the regular practitioners of medicine. It has a large sale in this city, and can be found in all our drug stores. A bottle or package should be found in every family, as its judicious use is almost sure to prevent a bilious attack if taken when the symptoms first show themselves.

## Their Business Booming.

Probably no one thing has caused such a general revival of trade at A. R. Champney's drug store as their giving away to their customers of so many free trial bottles of Dr. Kings New Discovery or Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, colds, asthma, bronchitis, croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

## New Roads.

Notice has been publicly given that there will be presented to the Commissioners of Wood County at their regular session on first Monday in June a petition praying for the location of a county road on the line of North street, in the village of Tontogany, and at the west end thereof, thence east on the line of said North street to the east line of the corporation thence east on or about the same line to Tontogany creek, crossing the creek thence east on or near the half section line to the east quarter post of section five, in Washington township and there to terminate.

Also another road commencing at the north east corner of section twenty-seven in Webster township, two miles south of Dunbridge, running thence north on the section line to the McCutchenville, road and there to terminate.

## Big Show is Coming.

Friday, May 30, will be the first appearance in Perryburg, of I. E. Cohen's Grand Spectacular Pavilion Uncle Toms Cabin Show. The largest show of this kind under a tent in the country. 40 people, 20 horses, trick donkeys, and Eva's Pet pony, "Dodo," the smallest, 150 pounds, 32 inches high and weighs 150 pounds.

This combination is in no way connected with so many shows of this kind that have appeared here before and humbugged the people.

We come well recommended by the public and the press, as being and doing just what we advertise. We have the finest dramatic company of this kind now on the road. Miss Mary Kelly, the greatest of living "Topsy's" in her great songs and dances. Little Laura Downey, the wonderful child actress in the great character of "Eva"; beautiful and elaborate scenery; Savage Cuban Bloodhounds. Prof. Henry Snyder and his Newmarket uniformed cornet band; orchestra; Golden chariot drawn by eight dapple grey; cage wagons and many other new features. The pavilion will be pitched on the vacant grounds corner Indiana Ave. and Elm streets, near school house. Grand street parade at 11:30. Day of Exhibition, Friday, May 30. This combination will also give to the G. A. R. on that occasion their horses, chariots and band free for their parade in decorating the soldiers graves. General admission 25c; children 15c; Reserved seats, 10c extra. We exhibit on that day, rain be shine.

Wait for us! Watch for us! Keep your eyes on day and date, Friday, May 30. Will exhibit at Swanton, May 31st.

## How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, dependency and nervousness indicate how the whole system is deranged. Simmons' Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

**NEVER BEEN DISAPPOINTED.** A general family remedy for Dyspepsia, Torpid Liver, Constipation, etc. I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the stomach and bowels. W. J. McLENNAN, Macon, Ga.
